

Southern New Hampshire Services

2019 Calendar

2018 Annual Report

WE'RE SOUTHERN NEW HAMPSHIRE SERVICES...

And we wear 'many hats' as we work with individuals and families in the communities we serve

As the Community Action Partnership serving Hillsborough and Rockingham Counties, Southern New Hampshire Services supports the economic success and well-being of local residents through a broad range of well-known programs.

We've included the logos of many of the SNHS programs in Hillsborough and Rockingham Counties on the pages of this calendar. Though the names of these programs are varied, we're proud that it is our dedicated Southern New Hampshire Services' staff who work every day in helping people, changing lives.

THE PROMISE OF COMMUNITY ACTION

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community and we are dedicated to helping people help themselves and each other.

A message from our Executive Director

Donnalee Lozeau

In thinking about this year's annual report, we thought we would take a different approach and keep our work in the forefront of people's minds throughout the coming year. In the spirit of time and in recognition of those we serve, our partners, our staff and the work we do, we decided a calendar version of our annual report would be a helpful tool for all. Additionally, it will cover some of the work we did in 2018 and will continue to do in the year to come.

We hope you find the calendar useful and that you continue to find Southern New Hampshire Services to be a great community resource and partner.

2018 was a robust year for our economy. Yet those we serve still struggle with finding safe affordable housing, quality childcare, and jobs where they can earn a living wage. We believe that everyone should have access to opportunities that help them reach their full potential. The work we do is grounded in that fundamental belief. On the pages that follow you will see the way we do that and learn how it is making a difference in the lives of those we serve and in turn making our communities stronger.

We are grateful to our staff, our board of directors, our community partners and our community leaders on all levels who support our work and join us in making certain that we effectively help people help themselves and each other!

2018-2019 Board of Directors

Tax Preparation Assistance...

Is just part of SNHS' Financial Capability Focus

FREE TAX PREP OPENING SOON

Those earning less than \$64,000 per year can benefit from free tax preparation services in Hillsborough and Rockingham Counties beginning the first week of February.

SNHS supports efforts that provide the service at a number of free tax preparation locations throughout the area. One such location is the Workplace Success office at 60 Rogers Street in Manchester.

The sites feature IRS-certified volunteers who prepare tax returns for those whose income is under \$64,000.

Returns can be filed electronically from the tax preparation site. The volunteers are trained to help identify those filers who qualify for tax credits, including the Earned Income Tax Credit. Those who qualify can receive up to \$6,444 this year, depending on their filing status and number of qualifying children.

Many sites are available on a walk-in basis; others are by appointment only. A complete list of free tax preparation sites is available online at 211nh.org or by calling 2-1-1. The 2-1-1 Information & Referral specialist can assist in setting up appointments for those who call.

SNHS knows that the benefits received through tax preparation assistance can help families achieve economic stability. **Our Volunteer Income Tax Assistance Program (VITA)** does just that! Volunteers take the time to walk clients through the tax filing process and work to maximize clients' tax returns.

FAST FACTS:

- Clients who have not filed tax returns in recent years may still receive tax preparation services
- Clients who earn up to \$64k with a family of four could be eligible for the Earned Income Tax Credit (EITC)
- Program works with clients who have had a financial crisis that has resulted in bad credit and unpaid bills and would like to rebuild their credit
- Some individuals may be asked to provide a tax return in order to receive Financial Capability services
- Program encourages referrals from staff working with clients in other SNHS programs

For more information on financial coaching, tax preparation assistance and other services offered through the Financial Capability Program, contact a local Outreach Office or call (603) 431-2911

SPOTLIGHT ON: FINANCIAL CAPABILITY

Far too many families walk that fine line between financial stability and "falling off a cliff." This was the case for one Seacoast family of four. Although both parents worked and one received Social Security Disability, they often lived close to the edge. They needed help and staff at SNHS' Raymond Outreach Center provided it. Based in large part on the Earned Income Tax Credit, the family received a refund of over \$4,000 as a result of the tax return prepared at the Raymond office for the family. Staff then took the time to talk to the family about how to put the refund to its best use by saving a portion and using part to bring their mortgage up-to-date. The refund...along with the support and guidance of Raymond staff...took the family away from the cliff and back into the stable zone.

1,100 households utilized the free tax preparation service and increased their financial assets by accessing \$444,000 in Federal Tax Credits.

BENEFITS RECEIVED BY TAX PREPARATION ASSISTANCE CAN HELP FAMILIES ACHIEVE ECONOMIC STABILITY

CSFP: Commodity Supplemental Food Program
TEFAP: The Emergency Food Assistance Program

WIC: Women, Infants, and Children Program
ENA: English for New Americans

National Nutrition Month

SNHS supports numerous programs that work to combat food insecurity in our communities.

The Emergency Food Assistance Program (TEFAP) provides emergency food assistance at no cost to low-income families. SNHS helps distribute this food to programs that can get it into the community, such as food pantries, local soup kitchens and other charitable organizations.

The Commodity Supplemental Food Program (CSFP) provides food resources to income eligible adults over the age of 60. SNHS has CSFP sites all throughout both Rockingham and Hillsborough counties.

The Women, Infants and Children Program (WIC) provides nutritious foods, education, referrals and breastfeeding support to income eligible pregnant and post-partum women, infants and children under the age of 5. All of our nutritionists have at least a four year Bachelors in Science and Nutrition to support our participants.

SNHS also has multiple **food pantry** sites that are located in Rockingham County. These food pantries are open at no cost to community members that need additional food resources.

Child and Adult Care Food Program (CACFP) sponsorship is available to Family Child Care Homes, Child Care Centers, and Adult Care Centers to receive reimbursement for the meals that they serve to the children and adults in their care.

Community Garden spots now available in Goffstown

The Hillsborough County Community Garden in Goffstown is open to all residents of the County who wish to have a garden space. A minimum of 75% of all gardening spaces are reserved for households meeting federal low-income guidelines. For a donation of \$20, the remaining land is made available to those households exceeding the guidelines, or who fail to file the requested financial information.

Each community gardener accepted into the program receives a 25' x 25' rototilled garden plot. Water, seeds, tools, and other materials needed to maintain the plot must be supplied by the gardener. Produce grown on the plot must be used to increase the amount of nutritional foods available to the gardener's household; it cannot be sold for profit.

Deadline to apply for your plot is April 12.

For more information or an application contact staff at 603-668-8010 x 6046 or communitygardens@snhs.org

SNHS Fact:
Food pantries distributed \$243,000 in food to 1,158 families in Rockingham County.

SNHS Fact:

490 children increased their physical health through appropriate nutrition, exercise, hygiene and safety practices.

“ As a provider, I know the SNHS CACFP program coordinators are there for me, so I can bring this valuable resource to my licensed family daycare. ”

National Fair Housing Month

Supportive Housing for the Elderly

Funding from the U.S. Department of Housing and Urban Development Section 202 Supportive Housing Program and Funding through Low-income Housing Tax-Credits and the NH Housing Finance Authority has enabled us to build and manage 29 elderly housing projects. These projects represent 894 apartments. The residents of these apartments pay 30% of their income for rent with the balance subsidized under HUD's section 8 Rental Assistance Program. Heat and utilities are included in the rent.

CIRCLE OF LIFE - AND CARING - SHINES THROUGH AT PEMI COMMONS

The passing of one life recently at Pemi Commons helped another life looking for a fresh start. The 63-year old resident had lived at the Plymouth senior housing location for almost two years. While family members were removing her property, they learned that another tenant's daughter was moving into her new apartment the same day after living a year in a homeless shelter while receiving counseling for alcoholism. She had nothing to start her new life with. The decision was an easy one. The family of the departed resident offered the family of the daughter looking for a fresh start the household items that could make that possible. Two families...one in mourning but helping another while giving hope for a new beginning and meaning to life.

Mr. Francis Byrne, a longtime resident of Sundance Village in Manchester NH, received his Purple Heart in a ceremony that took place at Elliot Hospital on December 14, 2018. Mr. Byrne served with the US Army during the Battle of the Bulge when he was injured by a landmine explosion. His lieutenant advised he would be filling out paperwork for Mr. Byrne to receive his purple heart but the lieutenant died in action the next day. After a number of decades of waiting and the efforts of Senator Shaheen, Army Sargent Major Daniel Dailey traveled from Washington, D.C. to Manchester, NH to present Mr. Byrne with his Purple Heart at the December 14th ceremony.

Did you know?

A Community Action Agency has a tripartite board structure that is comprised of at least 1/3 low-income residents, 1/3 elected public officials, as well as private sector representatives. This promotes the participation of the entire community in the reduction or elimination of poverty.

Pictured left to right - Senator Kevin Cavanaugh; Betsey Andrews Parker, CEO Strafford Community Action; Rep Linda Massimilla, BOD Tri-County Community Action; Jeanne Robillard, CEO Tri-County; Ryan Clouthier, Deputy Director SNHS; John Manning, CEO Southwestern Community Action; Governor Chris Sununu; Donnalee Lozeau; Gary Coulombe, BOD Tri-County; Sandy Alonzo, Tri-County Board Chair; and Senator Lou D'Allesandro, VC BOD SNHS

NH's Community Action Network - A Statewide Reach

SNHS Joins Community Action Month Celebration

Southern New Hampshire Services joins over 1,000 Community Action Agencies across the county in celebrating Community Action Month. Held each May, Community Action Month recognizes the success of members of the national Community Action Network in addressing the causes and effects of poverty.

Community Action Month offers an opportunity to recognize the impact Community Action has in the lives of individuals and families including those who live in the Hillsborough and Rockingham County communities served by Southern New Hampshire Services.

Residents in every one of the of 68 cities or towns in Hillsborough and Rockingham Counties benefited from

at least one—if not several—of the programs offered through our Community Action Agency.

Community Action Agencies are successful every day in helping families achieve economic security. Given that the needs of each family and community are unique, Community Action is able to use a range of resources and programs to meet local needs in creative and impactful ways. Each Community Action Agency is a private or public non-profit organization established under the Economic Opportunity Act of 1964 to fight America's War on Poverty and help people to help themselves in achieving self-sufficiency.

The Promise of Community Action

“Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other. ”

Richard Delay

Low income residents of Hillsborough and Rockingham Counties lost a champion in 2018. Richard “Dick” Delay, Sr. served on the SNHS Board of Directors for 35 years providing strong and effective leadership to the organization. His life was a model of caring and commitment, and we were privileged to know him and work with him. We dedicate this page to Dick's memory and his lifelong practice of putting the action in Community Action.

Adult Education Services – It's Never Too Late to Learn

This month we recognize the importance of federal and state investment in programming that provides training, education, and upskilling opportunities for workers.

English for New Americans (ENA) Portsmouth Adult Education

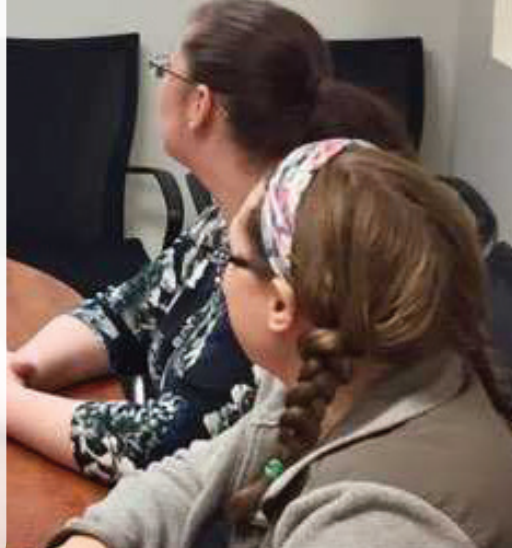

Refugees, immigrants, and visitors from many countries come together to read, write, listen and speak the English language.

- Our classes offer practical English for living and working in the community.
- Programs also offers computer skills classes for students who are enrolled in ESL classes.
- There are special events such as conversation cafes where our students practice conversation with native English speakers.

Adult Learner Services

One-on-one tutoring is available in Manchester and classroom learning is available in Portsmouth. Both services are completely free of charge! Adult learners receive instruction in basic reading, writing, mathematics, High School Equivalency Test (HiSET®) preparation, or English as a Second Language. Participants take a test so that they can start in the right place and receive the right help.

Education services help adults improve basic skills for better jobs or to enter college or certificate programs

The Low Income Home Energy Assistance Program Action Month

Time to plan for the cold months ahead!

The Low Income Home Energy Assistance Program (LIHEAP), also known as the Fuel Assistance Program (FAP), assists low income households that pay a high proportion of income for home energy. The program is funded by grants from the federal government, and makes payments directly to local utilities. To be eligible, an individual's income level must not be more than 150% of the federal poverty level. The payment amount is determined according to the size and type of the home, as well as type of fuel.

LIHEAP Comforts with more than just warmth...

By living with her daughter, Rita was able to stretch her limited income and live safely with a roof over her head. That all changed when her daughter passed away and Rita was left to make ends meet, including paying the outstanding propane bill. **The fuel staff at SNHS - Manchester assisted Rita through this difficult time, helped her to lower her electric bill by 76% and connected Rita to other community resources that could provide assistance.**

SNHS Fact:

12,360 households
in Hillsborough &
Rockingham Counties
were kept warm
through the LIHEAP
program!

Our client, a 93 year-old widow who has lived in her home for 30 years, was eager to make the most of her limited income and find energy savings. Our **weatherization staff** conducted a free **Energy Audit** of her home, identified heating repairs, insulated the walls and attic, updated light bulbs to LEDs, and ordered a health and safety test be done on her gas heating system. **With upgrades made and gas leaks repaired, this client will save \$550 per year--a huge financial relief for someone at only 136% of the federal poverty level.**

WORKFORCE DEVELOPMENT

Workforce Innovation & Opportunity Act (WIOA)
New Hampshire Employment Program (NHEP)
NHEP Workplace Success Program (WPS)

SNHS breaks down the barriers to realizing job security with our NH employment programs that educate, train, and prepare. We understand that child care, housing, and transportation assistance are key to helping individuals truly become self-sufficient.

Chauntel's Success

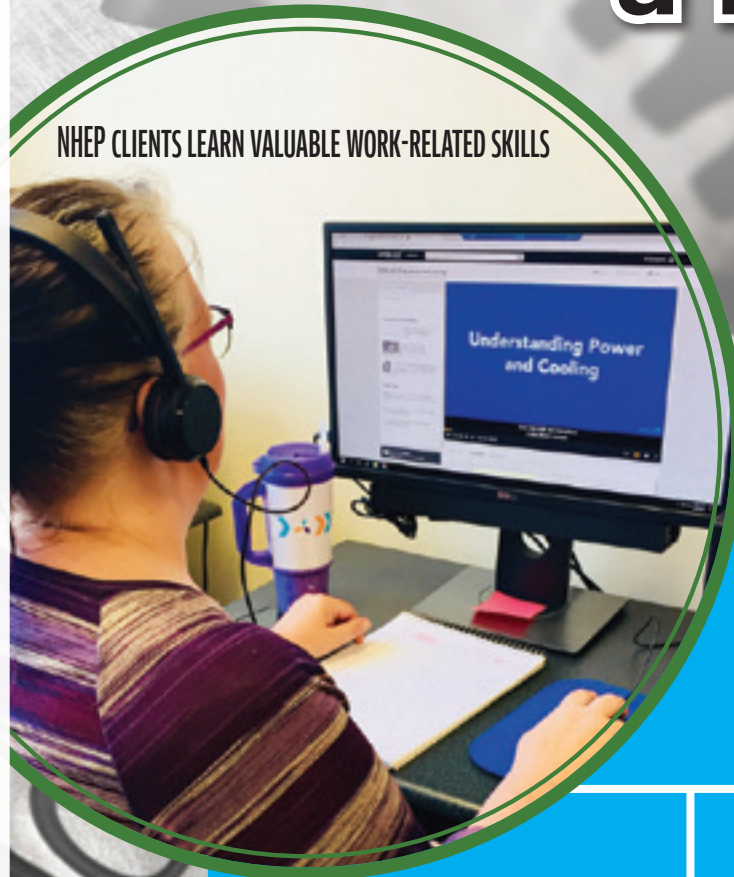

In June 2018, Chauntel Ames had just lost the apartment she shared with her two year old, Raymond, and with limited resources and no job, she turned to the Department of Health & Human Services' **NH Employment Program (NHEP)** for help. The local NHEP Team referred Chauntel to **Southern NH Services' Workplace Success (WPS) Program Career Center** in Manchester and she was promptly enrolled. Chauntel felt overwhelmed initially, and she wasn't sure that this was the right route for her, but her WPS Coordinator encouraged her to make the best of her 30 hours a week there.

She completed the vocational assessment process, developed a career pathway, and used job search tools that really helped her to focus on her short and long term career goals and boosted her confidence in herself and the skills that she had. NHEP supplied her with a clothing voucher to buy interview clothes which gave Chauntel the confidence to secure interviews in the healthcare field as she began her job hunt.

Spending 30+ hours weekly at Workplace Success gave her access to the internet, printers, staff support, and child care. She had already gone to school for Medical Assisting in the past but wasn't using her certification as her son was born only two months after she received it. While at WPS, her child experienced some medical challenges but Chauntel made every effort to make her scheduled hours in the program. Her efforts did not go unnoticed, and she was soon referred and accepted into the **On-the-Job Training (OJT) program.**

Chauntel has successfully completed her training and is working full time at DaVita Kidney Care in a position she was educated for, but had not worked in until now.

SNHS - Making Workplace Success a Reality!

NHEP CLIENTS LEARN VALUABLE WORK-RELATED SKILLS

July 1, 2017 - June 30, 2018

809

participants were served by the WIOA program

329

individuals received support services: Child care, transportation assistance, auto repairs, etc.

Head Start Awareness Month

Head Start:

Head Start is a comprehensive child development program designed to foster the healthy development of preschool children and their families.

“ Head Start has been a life saver for me. It has given me the opportunity to go back to school and work to better my family life. Head Start has also provided me with services for my child such as social emotional support when introducing a new sibling. Also helped me get speech services and clothing assistance. Family nights were very helpful to us parents. ”

SNHS Fact:

Child Care Resource and Referral delivered 329 on-site training sessions for child care providers in NH. 2,743 families received referrals and assistance in obtaining child care.

Childcare Aware

- Provides free child care referrals to families seeking child care
- Provides training and professional development opportunities to early childhood professionals to foster quality in child care settings

For more information go to

www.nh.childcareaware.org

Promotes school readiness skills

Builds social and self-help skills

Provides parenting support and education

How to Enroll:

Head Start staff meets with families to complete an application. Families can call the Head Start office in their area to make an appointment and find out what they need to bring with them. You can also call the main office at (603) 668-8010 ext. 6098 or 1 (800) 322-1073 ext. 6098.

SNHS Child Care Centers

SNHS' child care centers provide a high quality, affordable, dependable and nurturing atmosphere for the children of working parents and for those parents entering or reentering the workforce.

Program Services:

- Highly qualified staff
- Developmentally appropriate activities
- Individualized program designed to fit each child's needs
- Nutritious breakfast, lunch and snack provided
- Full day and extended day program options available

National Homeless Awareness Month

Homelessness Prevention

SNHS receives funding to provide a range of services aimed at preventing homelessness including short term-assistance to prevent eviction for those at risk of losing their housing or to secure housing for those suddenly homeless.

- **The Homeless Housing and Access Revolving Loan Fund** provides guarantees of rental security deposits and/or first month's rent to eligible persons.
- **Housing Security Guarantee Program** assists low-income individuals and families to obtain housing by issuing certificates of guarantees of security deposits to landlords.

SNHS can also provide information and referral services for individuals or families in need of emergency shelter. In providing assistance, SNHS collaborates with other organizations participating in HUD's Coordinated Entry process, which strives to ensure that assistance is provided as effectively as possible, and that it is accessible no matter how or where persons begin seeking help.

Safe & Supporting Housing

Robinson House (24 units) and **Mary's House (40 units)** consist of rehabilitated Section 8 rent assisted apartments for homeless individuals who have successfully completed substance abuse treatment programs.

31

families facing eviction were able to maintain their housing with emergency case management and financial support

48

homeless families secured safe affordable housing with case management and financial support

SNHS Fact:

Volunteers gave more than 223,600 hours of service to through SNHS sponsored programming.

Volunteer Power!

Retired Senior Volunteer Program (RSVP) is a free program for adults 55 and better. RSVP staff strive to provide meaningful volunteer opportunities that meet local needs and respond to priorities of national significance.

RSVP volunteers lend their support to 15 community partners that include the Nashua Historical Society, the Palace Theater, the Manchester and Nashua Senior Centers, the Granite State Ambassadors, Dartmouth-Hitchcock Medical Center, St. Joseph's Community Hospital, Manchester City Hall and more.

The RSVP Fixit Corps assists homeowners (60 years and older or disabled) with minor home repairs. Volunteers with experience in the fields of plumbing, carpentry, painting, and electrical provide the labor for free; the homeowner is responsible for providing the supplies needed.

“ Being a single female, 80 years old with health issues, this program is a Godsend for me personally. In this day and age, to have a volunteer come into my home who is trustworthy, courteous and efficient to help me is very reassuring. ”

-Joan

RSVP Thresholds & Decisions is a program that trains volunteers to teach decision making, problem solving, and life planning skills. Volunteers teach the Hills. County inmates the essential thought processes needed to make decisions and to solve problems. This allows them to gain control over their lives and develop a more positive self-image. They are then better equipped to cope with life when they return to their families and the community.

“ So many behind these walls could benefit from the many facets Thresholds has to offer. We all face many different challenges from our release dates forward, and our decisions will be closely scrutinized by the courts, families, peers, etc. That said, it's important to point out how the program, with its five fundamental stepping blocks and individual counselors, changed me from a devout manipulator to a much more confident, important, unique, irreplaceable, and self-reliant Dad, friend, coworker and listener. Thresholds has forever changed me, and for this I have a true attitude of gratitude! ”
- Bill

“ Well can I ask you something? Explain something? I am taking a program called Thresholds and Decisions, and it's a six week program, I have two weeks left. If I can finish that program it will be the first time I have ever finished anything. I have an unusual request. Can I stay at Valley Street for two more weeks so that I can finish the program? ” The judge answered “This is the first time anyone has ever asked me if they can spend more time in jail. I think it's a good idea. Your new release date will be the day after Thresholds ends. ”
- Roger
