ABOUT US

Southern NH Services, Inc. is the **Community Action Partnership** serving Hillsborough and Rockingham Counties. One of five in NH and one of a thousand nationwide.

We help our neighbors conquer obstacles on their path to economic independence. Whether it's workforce, child care, nutrition, education, housing support or senior living needs, we offer services to help our community members achieve their goals and provide for their families.

We serve approximately 40,000 people a year, and partner with more than 200 organizations to deliver service to those in need.

THE QUALIFYING PROCESS

Our housing communities are privately owned non-profits. Rent is based on eligibility and subsidized by the U.S. Department of Housing and Urban Development (HUD) and other public housing authorities. We are governed by HUD rules and regulations. In order to qualify for occupancy an application must be submitted.

While each case is unique, certain criteria and documentation, such as proof of age, income, and asset documentation, must be fulfilled. Income limits vary by city/town and rent varies based on income.

Our staff will assist you through the process. Contact the housing office of interest to discuss pre-applications for the waitlist.

OUR COMMUNITIES

Southern New Hampshire Services, Inc. (SNHS) is dedicated to bringing high-quality, affordable housing to those who need it the most.

We have 28 communities located throughout the state of New Hampshire and one in Maine. Our communities share common design features but also reflect the character of the surrounding neighborhood. Our communities are located in both urban and country settings. Some are multilevel while others are single-level or garden-style.

Each of our communities offers on-site management and maintenance, laundry facilities, and a community room for social gatherings and activities.

We will also help connect you to additional services to make your life as satisfying and worry free as possible.

YOUR APARTMENT

Heat, hot water & electricity are included in your rent. There is a monthly fee if you have an air conditioner to cover the extra cost of electricity. Every apartment is equipped for telephone, internet & cable connectivity. You will be responsible for these charges if you chose these services.

The average apartment size is approximately 535 square feet.
